

SAM SHAHI

Business Development Manager | Life Sciences | Key Accounts

Cardiff, Wales · 07442 005955 · Open to UK & Ireland travel · Hybrid / Home-based

PROFESSIONAL PROFILE

Results-driven Business Development Manager progressing from SDR to Senior BDM, with a track record selling digital solutions into life-sciences and regulated industries, and earlier B2B growth for a GMP-certified phytochemical and herbal-extract manufacturer. Skilled at analysing client organisations, designing tailored commercial offers, managing CDA/MSA-style contracting, and converting pipeline into profitable, service-led accounts. Strong presenter with an MSc and International Business Management foundation — seeking a BDM role driving sustainable growth across life-sciences, analytical testing, pharmaceutical, and related regulated markets in the UK and Ireland.

| ▶ Life Sciences & Regulated Markets | ▶ Proposal Design & Presentation |
| ▶ Commercial Negotiation (CDA / MSA) | ▶ CRM Pipeline Management |
| ▶ Cross-Functional Collaboration | ▶ Stakeholder Engagement |
| ▶ Service & Solution Selling | ▶ Target Setting & Forecasting |

PROFESSIONAL EXPERIENCE

Senior Business Development Manager

2023 – 2026

Taylor-Marriott — Digital product design, build & growth for life-sciences and regulated industries

- Own new-business growth for bespoke digital products, client portals, and marketing systems sold into life-sciences, analytical testing, pharmaceutical, and related regulated organisations.
- Closed 30+ in new digital-solution contracts over 24 months, with a 60%+ proposal-to-close win rate against annual targets agreed with leadership.
- Grew key-account revenue 30%+ YoY by diagnosing client bottlenecks, scoping tailored platforms with engineering, and presenting commercial proposals to MD/VP stakeholders.
- Manage CDAs, MSAs, and pricing negotiations through to signature; keep CRM forecasts current and partner with delivery to protect go-live quality and retention.

Business Development Manager

2018 – 2021

Herbal Creations — Manufacturer & global exporter of phytochemicals and herbal extracts (GMP / HACCP / ISO)

- Drove B2B development for manufacturer of 800+ herbal extracts and phytochemicals, selling into nutraceutical, pharmaceutical, and cosmetic formulators across EU and US supply chains.
- Grew assigned export revenue 34% over three years and opened 22 new distributor and formulator accounts, leveraging USA and Europe warehouse capability for reliable fulfilment.
- Won multi-SKU supply agreements by aligning customised extract specs, COAs, and regulatory documentation (GMP, HACCP, ISO, Halal, Kosher) to buyer quality and compliance needs.
- Partnered with QC and production on rapid project quotes; negotiated commercial terms and monitored satisfaction to expand share of wallet with priority accounts.

Sales Development Representative

2014 – 2018

Global Tech Users — B2B contact databases, technographics & data enrichment services

- Prospected and qualified buyers of targeted B2B datasets, installed-tech intelligence, and data-enrichment services across marketing, sales ops, and IT decision-makers in 135+ country markets.

- Generated 180+ sales-accepted leads per quarter on average and contributed £920K+ in influenced pipeline annually through structured outreach and CRM-disciplined follow-up.
- Exceeded SDR quota by 118% in the final two years by refining ICP targeting (C-level, healthcare, and international B2B segments) and improving meeting-to-opportunity conversion.
- Handed off high-intent opportunities with clear discovery notes, enabling AEs to close data-subscription and enrichment deals faster and with fewer lost cycles.

EDUCATION

Master of International Business Management (MSc)

2021 – 2022

De Montfort University, Leicester

Bachelor of Business Management (BBm)

2014 – 2017

International Business Management — India

ADDITIONAL INFORMATION

- Based in Cardiff, Wales — available for significant travel across the UK and Ireland; open to hybrid or home-based BDM roles.
- Collaborative team player who partners with operations, QC, and leadership to convert opportunities into deliverable, profitable engagements.
- Confident presenter with experience engaging senior stakeholders and multi-regional colleagues on commercial initiatives.
